ISA
BAGNO

MATERIA

Il nuovo programma di ISABAGNO che porta una ventata di emozioni e sensazioni nella stanza da bagno. Le linee pulite e minimali si fondono con i nuovi materiali e le nuove tecnologie appositamente sviluppate per gli ambienti più difficili della casa, e per le nuove esigenze del vivere contemporaneo, coniugando design e qualità con un risultato di grande bellezza.

The new project ISABAGNO which brings a gust of emotions and sensations in the bathroom. Smooth and minimal lines merge with new materials and technologies specifically developed for the most difficult spaces of the house and for the contemporary life needs. Quality and design combined to result in a great beauty.

Le nouveau programme ISABAGNO qui apporte une bouffée d'émotions et de sensations dans la salle de bains. Les lignes minimalistes se mélangent avec de nouveaux matériaux et de nouvelles technologies développées spécifiquement pour les espaces les plus difficiles de la maison et pour répondre aux nouvelles exigences de la vie contemporaine. Qualité et design se combinent pour un résultat de grande beauté.

Das neue Projekt ISABAGNO, der einen Windstoß von Gefühlen und Sensationen im Badezimmer bringt. Glatte und minimale Linien verschmelzen sich mit neuen Materialien und Technologien spezifisch entwickelt für die schwierigsten Räume des Hauses und für die zeitgenössischen Leben-Bedürfnisse. Qualität und Design vereinigt, auf eine große Schönheit hinauszulaufen.

FINITURA **ECO LEGNO**

ECO-WOOD

ECO-BOIS

ÖKOLOGISCHES HOLZ

Sostenibilità e rispetto dell'ambiente sono valori sempre più importanti nella nostra società ed occorre, anche nelle scelte di tutti i giorni, pensare a materiali creati nel rispetto di questi valori. Per una precisa scelta di valori, abbiamo selezionato per i propri mobili pannelli in fibra di legno interamente riciclato, prodotti unicamente da legno di recupero e rivestiti con laminati plastici atossici che riproducono con grande bellezza i colori e le venature naturali del legno.

Sustainability and environmental respect are values more and more important in our society and we need to consider materials created according to these values even in everyday choices. It is a definite value choice that we selected panels in 100% recycled wood fibre for our furniture, covered with atoxic plastic laminates which reproduce with great beauty the colours and the natural wood veining.

Durabilité et respect pour l'environnement sont des valeurs de plus en plus importants dans notre société et il est nécessaire de penser à matériaux créés en égard de ces valeurs, aussi dans les choix quotidiennes. C'est pour un choix de valeur, que nous avons sélectionné panneaux en fibre de bois entièrement recyclés pour nos meubles, produits uniquement à partir de bois de récupération recouvert avec laminés plastiques non-toxiques qui imitent avec grande beauté les couleurs et les veinures naturels du bois.

Sustainability and Umweltrespekt sind Werte immer wichtiger in unserer Gesellschaft, und wir müssen nachdenken, dass danach geschaffene Materialien sogar in alltäglicher Wahl schätzen. Es ist für eine bestimmte Wert-Wahl, dass wir Tafeln in 100 % wiederverwandte Holzfaser für unsere Möbel, bedeckt mit atoxic Plastikfolien auswählen, die mit großer Schönheit die Farben und die natürliche Holzäderung wieder hervorbringen.

FINITURA **FENIX** NANOTECH MATERIAL

La ricerca e l'innovazione hanno prodotto un materiale straordinario che unisce doti di bellezza estetica e di ineguagliabile resistenza. FENIX, sviluppato e prodotto interamente in Italia, è costituito da un laminato ad altissima densità, trattato in superficie con un processo a nanotecnologie che opera sulla struttura delle particelle del materiale, conferendogli durezza ed assoluta impermeabilità. Tre bellissime finiture extra-matt ne fanno un materiale perfetto per il bagno.

Research and innovation have produced an extraordinary material which combines qualities of esthetic beauty and incomparable resistance. FENIX, entirely developed and produced in Italy, consists of a very high density laminate, treated on its surface with a nanotechnology process which affects the structures of the material particles, conferring toughness and absolute impermeability. Three exquisite finishings extra-matt make it the perfect material for the bathroom.

Recherche et innovation ont produit un matériau extraordinaire qui mélange qualités de beauté esthétique et incomparable résistance. FENIX, développé et fabriqué entièrement en Italie, est fabriqué à partir d'un laminé à très haute densité, traité en surface avec un procédé de nanotecnologie qui agit sur les structures des particules du matériau, en lui conférant dureté et imperméabilité absolue. Trois splendides finitions extra-mat en font un matériau parfait pour la salle de bains.

Forschung und Innovation haben ein extraordinary Material vorgezeigt, welches Qualitäten der ästhetischen Schönheit und unvergleichbaren Widerstandes verbindet. FENIX, völlig entwickelt und erzeugt in Italien, besteht aus einer sehr hohen Dichte-Folie, behandelt auf seiner Oberfläche mit einem Nanotechnology-Prozeß, der die Strukturen der materiellen Partikel betrifft, Härte und absolute Undurchdringlichkeit zuteilend.

FINITURA **LACCATO SATINATO** LAQUERED MATT LAQUÉ MAT MATTLACKIERT

In un bagno perfetto a volte occorre anche un tocco di colore. In aggiunta alle finiture EcoLegno e Fenix, la serie MATERIA offre anche la scelta di 5 nuovi colori laccati e per sottolineare il carattere del mobile è stata scelta una finitura opaco satinato che offre una sensazione soft , molto naturale. Tutti i mobili ISABAGNO sono laccati con vernici ecologiche ad atossiche, prive di solventi.

Sometimes a perfect bath also needs a touch of color. Additionally to the finishes EcoBois and Fenix, the MATERIA series also offers the choice of 5 new lacquered colors and to underline the character of the furniture has been select a matt finish glazed that offers a soft feeling, very natural. All the ISABAGNO products are lacquered with ecological varnishes, nontoxic, deprived of solvents.

Une salle de bain parfaite demande souvent une touche de couleur. En plus des finitions EcoBois et Fenix, la série MATERIA propose aussi un choix de 5 nouveaux couleurs en laque. Pour mettre en avant le caractère de ces meubles, nous avons choisi une finition mate , satiné qui offre une touché soft , très naturelle. Tous les meubles ISABAGNO sont produits avec des vernis écologiques, toxiques.

Manchmal braucht ein vollkommenes Bad auch etwas Farbe. Zusätzlich zu den Schichten EcoHolz und Fenix bietet die MATERIA Reihe auch die Wahl von 5 neuen lackierten Farben an. Den Charakter der Möbel zu unterstreichen, ist ausgewählt gewesen eine matte Schicht wurde blank, der ein weiches Gefühl, sehr natürlich anbietet. Alle ISABAGNO Produkte werden mit ökologischen Lacken lackiert, nichttoxisch.

PIANO INTEGRATO **CERAMICA**

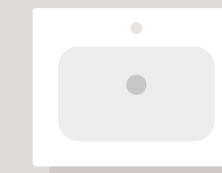

INTEGRATED CERAMIC COUNTERTOP / VASQUE INTEGRÉ EN CÉRAMIQUE / INTEGRATED PORZELLANWASCHTISCH

La ceramica è certamente il più antico materiale usato nel bagno. Con la ceramica si producono gran parte degli oggetti che mettiamo in bagno ed in svariati ambienti della casa. La ceramica oggi si ripropone in una veste nuova, grazie a nuove tecniche di produzione che permettono di avere forme più "spigolose" e lavorare su spessori ridotti. Come il nuovo piano lavabo integrato dello spessore di soli 14mm!

Ceramic is undoubtedly the most ancient material used in the bathroom. Most of the furnishing accessories used both in the bathroom and in other different rooms of the house are ceramic-made. Today you can discover ceramic with a new guise, thanks to new production techniques which make possible to achieve more sharp-cornered shapes and thinner thickness, such as the new integrated top 14mm thick!
