
HOUSEDESIGN rigorosamente made in Italy

HOUSEDESIGN

Rigorosamente made in Italy

catalogo catalogue
arredo bagno bathroom furnish

Wholly made in Italy, a few words in the brand to convey the fundamental concept, the philosophy that this company was born with: to deliver 100% Italian design products.

Founded in 2007, House Design is a young and dynamic brand supported by the forty years of production experience of Metalbagno in bathroom furnishing sector.

Creativity, aesthetics and functionality are the design parameters of House Design's collections.

The material chosen are the means on account of which the company's designers convey their concept or contemporary made in Italy: stainless steel, brass, aluminium, blow glass and woven leather. Bathroom accessories available in different finishes are flanked by the production of bathroom furniture and lighting lines.

"By fitting out the bathrooms of those who pay attention to details and put the right value on the concept of design and quality: we make even a simple day act in something pleasant and exclusive"

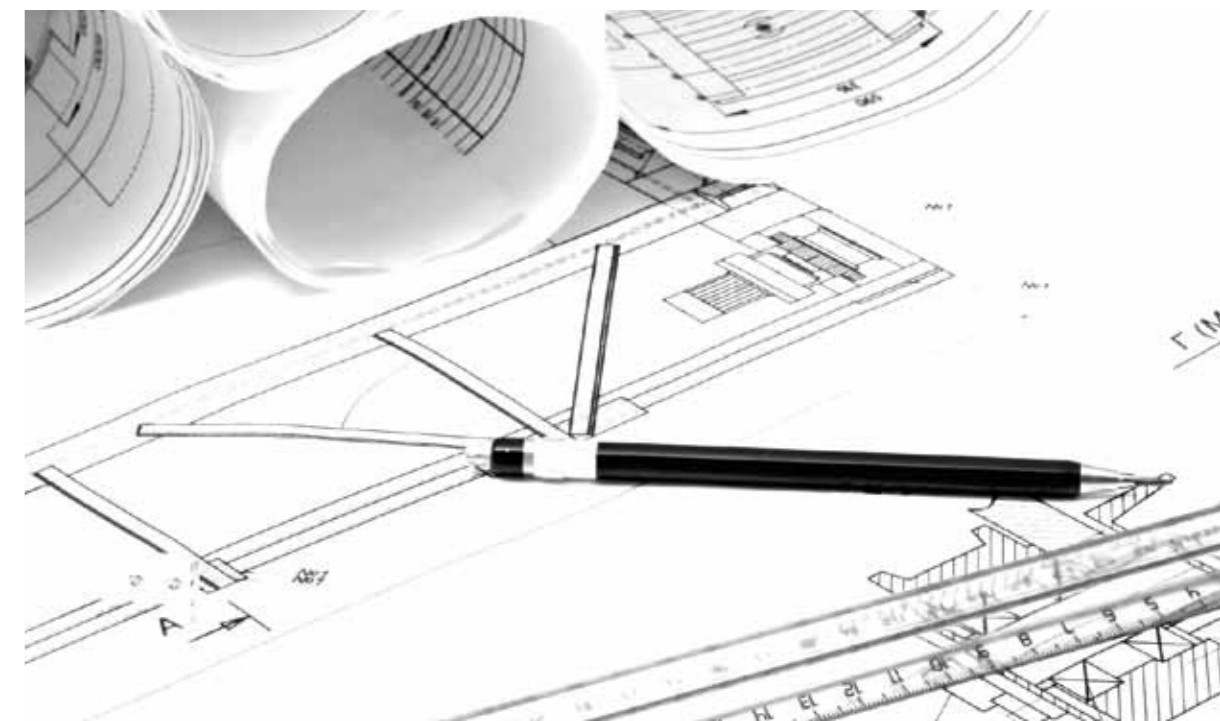

HOUSE DESIGN

E' una realtà fortemente legata al territorio e alla storia, orientata alla realizzazione di un prodotto 100% Made in Italy con elevati standard qualitativi.

House Design è un marchio giovane, nato nel 2007 che appartiene alla Metalbagno, azienda che vanta un'esperienza di oltre 40 anni nel settore degli accessori per il bagno di qualità, caratterizzati dall'utilizzo dei materiali metallici.

Collezioni che esaltano l'eleganza e la creatività con oggetti innovativi ma al tempo stesso funzionali.

Questi sono i punti di forza e di vanto di questo giovane marchio toscano la cui produzione trae ispirazione dalla sapiente conoscenza della lavorazione dei metalli come ottone, alluminio, acciaio ma anche del vetro, per dare vita ad accessori e complementi per l'arredamento delle stanze da bagno dal design innovativo e ricercato.

Accessori da bagno realizzati in molteplici finiture: dal cromo all'oro satinato, ma anche mobili in legno e strutture in alluminio destinati ad accogliere lavabi in vetro soffiato e decorato a mano.

« Arredando le stanze da bagno di chi pone attenzione ai particolari e sa dare il giusto valore al concetto di design e qualità », rendiamo piacevole ed esclusivo anche il gesto più semplice del vissuto quotidiano.
